

Dear Guest:

Thank you so much for being our guest. We appreciate that you chose to stay in our home. We sincerely hope you fully enjoyed our home and its location.

You can help us in two ways to enable us to continue to offer our home to visitors like yourself. As you have no doubt read in the news, there is much debate about vacation rentals. We want to show that our guests desire the option to stay in a home and that guests greatly benefit the local economy.

1. You can show how your stay supported the local economy by filling out the form to the right and returning it along with the keys.

2. You can help us get a fair Monterey County vacation rental ordinance that will enable us to continue offering our home. Please sign our online petition to show your support by going to:

We look forward to reserving our home for you again in the near future.

Thank you very much,
Owners
